

## Introduction to H.S. Semester 2

### A. What is ABC?

1. Assembling of the Body of Christ (ABC) Church is an Apostolic End Time Ministry, ordained by God, to teach His people how to be alive and remain until the Son of Man returns. As such, it has major focuses on healing, cleansing, dominion and longevity.
2. Two Major Ministries of ABC.
  - a) The Healing Ministry.

Described by many as the best Healing School in the world, The ABC Healing School (HS) consists of 3 semesters. The recommended prerequisite for the HS is graduation from the ABC Bible College. All ABC staff members have learned to maintain their health without need for medicines, drugs, doctors, hospitals and insurance.
  - b) The Cleansing Ministry.

Described by some as the best cleansing ministry in the world, ABC's cleansing goal is to teach others to be **not** dependent on others but to operate independently in achieving one's own cleansing. Cleansing is formally taught in HS Semester 3 and continues as a lifestyle of learning through all the subsequent schools.
3. Preparing for the Ending Days.

ABC equips students for success in the Ending Days by teaching them how to live with dominion over their bodies, over sickness/disease, over natural calamities, over demons, and over the natural and spiritual kingdoms of the world.

Most importantly, in the Graduate classes, students learn to identify one's own calling in the Ending Days and one's role in preparing for the return of Jesus.

### B. ABC Curriculum.

1. Preparing yourself for the return of Jesus.

ABC has 7 ½ years of formal schools: Bible College (1 year), Healing School (1 ½), School of Dominion (1 ½), Book of Revelation (1), Living and Not Dying (1), and Graduate School (1 ½ years).

C. Healing Schools.

1. Themes.

Healing School Theme – Overall.

James 4:7 Submit yourself to God, resist the devil and he will flee from you.

a) Semester 1: Foundations of Divine Healing.

Theme - Healing comes through speaking the Word of God.

You **submit** yourself to God by being obedient to His Word, not just submitting to the DON'Ts but especially to the DO's (e.g., you have what you say) (Mark 11:23).

b) Semester 2: Advanced Divine Healing.

Theme - Healing comes through the Fruit of the Spirit.

You **resist** the devil by living a lifestyle founded on growing in the Fruit of the Spirit.

c) Semester 3 - Spiritual Warfare in Divine Healing.

Theme - Healing comes through personal cleansing.

Your body and your home are not meant to be the habitations of devils (Rev 18:2).

When you are submitted to God and resist the devil, you can tell the devil to go and **he will flee** (i.e., run in terror).

2. Review of Semester 1.

a) Confess sins using 1 John 1:9.

- If you recognize a specific incident of sinning, confess it as a known sin (i.e., acknowledge that this behavior has been contradictory to the Word of God).
- If you do not have a specific incident, let it fall in the category of unknown sins.

b) RRB.

- Fellowship with God is restored by confessing sins.
- People become open to satanic attacks in all areas, including in their health because of demonic attachments which result from sinning. These are broken off by repenting, renouncing and breaking (RRB).

c) Affirmations.

- Using the Sword of the Spirit by declaring God's Word aloud to agree with what God has said; to attack the enemy; to call things that be not into natural existence; to loosen the anointing; to empower angels on your behalf; etc.
- Forty-three Reasons for doing affirmations is a listing of 43 wonderful spiritual actions which occur when a believer speaks the Word of God aloud.

d) Healing Methods.

- Healing Methods for Spiritual warfare. These are the 6 Primary Prayers and the 10 Secondary Prayers which are the foundations for spiritual warfare.

3. Semester 2.

a) Prerequisites.

- Graduation from Semester 1.
- Baptized in the Holy Spirit and praying in tongues **daily**.
- Baptized in water by immersion.
- Church participation, locally or by streaming. We recommend 2 times per week.
- Tithing to a church which teaches tithing.

b) Semester 2 Importance.

As a foundational teaching, Semester 2 is the most important of all the modules in our 7 ½ years of schools because it is integral to living and using all subsequent modules.

If you understand Semester 2 in your heart, you will do well in Semester 3 and in spiritual warfare. Victories at this level will help you to be successful in all subsequent classes and modules and in the rest of your life before and after Jesus returns.

c) Semester 2 Overview.
